Re: WFFF-TV, Burlington, Vermont

Dear Mr. Caton:

Champlain Valley Telecasting, Inc., the permittee of WFFF-TV, Channel 44, Burlington, Vermont, hereby notifies the Commission of an error in Appendix B (the "Draft DTV Table of Allotments") to the Sixth Further Notice of Proposed Rule Making, MM Docket No. 87-268, FCC 96-317 (released August 14, 1996).

In preparing the Draft DTV Table of Allotments, the FCC staff allotted a DTV channel to WFFF-TV based upon the technical parameters contained in the station's old construction permit (FCC File No. BMPCT-960111LH). The station's DTV allotment should be based, however, on WFFF-TV's current construction permit issued on May 17, 1996 (FCC File No. BMPCT-960212KG), a copy of which is attached hereto. Inasmuch as the new site is separated from the original site by a substantial distance, the correction requested here is of considerable significance.

Accordingly, it is respectfully requested that the Commission take whatever actions are necessary to ensure that the DTV Table of Allotments reflects the correct technical data for WFFF-TV.
